

More than 18,000 children are in the Michigan foster care system. Another 4,600 children are awaiting adoption. Every one of these kids deserves love and safety. The State of Michigan recently declared that 100% of its adoptions will be handled by private agencies like ours. Now we urgently need more space to handle this skyrocketing demand.

To get involved in this important project, or to pledge your tax-deductible support for renovations, please call Dale Boyer, Executive Director of CityLinC, at **(269) 969-9181**. Your gifts will directly help needy and forgotten children in our area. Thank you!
